Dear Friends,

I would like to announce that finally we got all conditions to organize another edition (11th) of our REFEREE.PL camp.

As always we will try to organize the best edition possible. This is why we had to wait for confirmation of games that we gonna use for our camp. Now we are sure to have very good games to use for our camp. I am sure everyone will be satisfied.

We are in contact with the best instructors in the world to join us this year. Very good group of instructors makes the camp very interesting and useful, so for us this is top priority. We gonna present instructors soon on our website.

This year edition of our **Basketball Referee's Camp** will take place in Walbrzych, POLAND — (**60km from Wroclaw**, 190km from Prague, 300km from Berlin, 260km from Katowice, 250km from Dresden).

We plan to start the camp on **August 28th** after **4:00 p.m** and finished on **August 31st** evening. (The exact time schedule will be public on our website)

As every year we will do our best to bring you something new and interesting, what will provide referees with special motivation and give a chance to improve skills on the court - this gonna be good preparation for the upcoming season!

Campers will have lectures and also practical trainings on and off the court.

During the lectures we will focus mainly on the quality of calls, criteria and officiating techniques. We will also talk over 3 man mechanics and give a chance to listen many advises from experienced referees and instructors.

All the games will be recorded and there will be a chance to work with the video material immediately after refereeing. We will also provide some other multimedia technics to help us improve officiating.

There will be physical trainer and also basketball coach to help referees not only learn how to practice but also understand basketball from other perspective.

We expect referees from many countries so main language at the clinic will be English.

More and more details about the camp will be publish at www.referee.pl day by day from now until the end of the camp.

Soon you will find information about the hotel, gym and other events. We will also provide information about travel possibilities to Walbrzych. We will try to help to every camper with transportation from the Wroclaw airport.

On the website we will also publish the list of campers in order they send applications.

Now you are able to find there information, pictures and other details about camps from past 10 editions.

If you, or any of your colleagues, are interested to join our camp, please fill in the **Application Form** at our website. If you have any questions, please contact me via email: kuba@referee.pl

Camp fee:
Full residential costs: 360 Euro
(It covers nights from Aug28 to Aug31st - full board)

Best regards,

Kuba Zamojski
